DESCRIPTION OF MODEL TWO
Model Two has been designed to provide a narrative approach to the Performance Appraisal Process. This Model should be selected as an alternative to using a generic form. This approach mirrors, as closely as possible, the academic model of appraisals while maintaining the essential elements required in the staff appraisal process. Thus, this Model takes advantage of the skills of supervisors who prefer and are accustomed to writing narrative appraisals. It requires a standardized overall rating that relates to the merit increase.

Model Two also provides opportunities for the supervisor and employee to work collaboratively to build, improve, or sustain employee performance and to contribute to organizational effectiveness. Model Two facilitates the formulation of a performance development plan by asking the supervisor and employee to identify specific activities, resources, time frames and expectations for the results of participating in development activities.

REFERENCES
UC Personnel Policies for Staff Members (http://atyourservice.ucop.edu/employees/policies/staff_policies/spp23.html) state that, “The performance of each employee shall be appraised annually in writing, or more frequently, by the employee’s immediate supervisor in accordance with local procedures.” UCSD Implementing Procedures 23/Performance Appraisal (http://www-hr.ucsd.edu/~qwl/policies/pdf/sp23.pdf) and The Guide to Performance Management (http://www-hr.ucsd.edu/~staffeducation/guide) are comprehensive resources that describe the stages of conducting the performance appraisal.

INSTRUCTIONS
The instructions to prepare this appraisal must be provided to both the employee and the supervisor by the Department Business Officer. Similar to other UCSD Performance Appraisal and Development Models, two-way communication and feedback related to performance issues are encouraged.

Please provide a written performance appraisal for the employee’s performance for the period noted below. There is no required format. Please consider the Employee's Self-Appraisal (Exhibit C) in the appraisal of the employee's performance.

Model Two has been designed in a narrative format with an overall rating at the conclusion. However, the appraisal must include the following key components as they apply to your employee’s job responsibilities:

- An overall assessment of the staff member’s contributions and level of performance. Consider initiative, dependability, cooperation, teamwork, leadership, productivity and quality as they relate to the job functions (e.g., Laboratory/Project Management, Research Support, and Administrative Support). Assessment of supervisory and managerial employees should include strategic planning, performance management and fiscal management, if appropriate.

- Identify significant accomplishments such as special projects, goal achievements, and scientific and other contributions.

- Please establish goals and plans for the next performance period. Include employee training and development, project goals, and improvement needed. A guide to identify training and development is provided as Exhibit A, Employee Performance Development for Coming Year.
UCSD STANDARDS

The UCSD Standards represent four areas of individual performance that are critical to the success of the UCSD organization: The UCSD Principles of Community, Diversity, Health and Safety, and Customer Service. The Performance Appraisal and Development form includes the task statements for the four UCSD Standards (e.g., under Diversity, “Ensures policies, practices, services, and behaviors that support and accept diversity”). The instructions below indicate the standard for “solid performance.” If an employee achieves a level above the “solid performance” standard, rate according to the UCSD Performance Appraisal Ratings defined below. Provide one rating for each of the standards.

UCSD STANDARDS (SECTION ONE) APPLY TO ALL UCSD EMPLOYEES

Rating

The UCSD Principles of Community: “…to foster the best possible working and learning environment, UCSD strives to maintain a climate of fairness, cooperation, and professionalism. - Ensures that policies, practices, services, and behaviors support and accept diversity.
  (For managers and supervisors only) Solid performance will be demonstrated when the manager reviews, assesses, modifies, applies and monitors policies, practices, services, and behaviors to ensure that they benefit diversity.

- Ensures that all employees participate in training that supports diversity.
  Solid performance will be demonstrated when, during the performance review cycle, all employees participate in an activity (e.g., training course, workshop, presentation, dialogue with supervisor, cross cultural program) designed to foster awareness and assist employee performance in a culturally diverse environment.

As with any progressive organization, UCSD’s primary strength is its people, the many individuals that comprise the faculty, staff, and student populations. To ensure that these individuals have a chance to contribute to the University’s mission, each must be afforded a safe, healthy and environmentally sound workplace.

- Ensures that policies, practices, services, and behaviors support accepted safety, health, and environmental standards.
  Solid performance will be demonstrated when employees observe safety and environmental compliance standards by practicing safe behaviors and by reporting hazardous conditions.

- Managers and supervisors ensure that all employees participate in safety, health, and environmental protection, and receive appropriate training.
  (For managers and supervisors only) Solid performance will be demonstrated when all employees participate in appropriate activities (e.g., training course, workshop, presentation, dialogue with supervisor) designed to foster awareness and assist employees to work safely without degrading the environment.
**Customer Service:** UCSD is a large, complex organization with many internal and external customers. UCSD has an organizational philosophy to provide the best possible products and services.

- **Identifies Customer:** Everyone is a customer who directly and indirectly receives knowledge, services, products, and information from the UCSD community.
  
  Solid performance will be demonstrated when employees identify their customers.

- **Demonstrates the Valuing of Employees:** At UCSD, we value, recognize, and acknowledge our employees. We encourage the alignment of employee values and job performance to support customer satisfaction. Therefore, employee morale and job satisfaction are essential to outstanding customer services.

  *(For managers and supervisors only)* Solid performance will be demonstrated when managers and supervisors have an established process to support, recognize, and acknowledge employees for their customer service.
